

## Pamm's House Preschool Curriculum

### Supplies for Every Week

100 Bible Stories, 100 Songs--in bookstores & Amazon.com  
CD player or MP3 player  
Alphabet & number flash cards--can be homemade  
Sensory tub or table--can use a dishpan  
Sign Language website or book

### Preparation

Put together a Circle Time bucket (dishpan), box, or mailbox. Keep flash cards of the week, the Bible story book, and other items you use daily for teaching the children. Set up a CD player to listen to the Bible songs daily. Learn sign language for the letters you are working on. Giving the children a motion to the letters and sounds helps the children to retain what they learn. Teach children the sounds and names of the letters: A= "aye", "ah", "a", and so on. Yes, there are blank squares in the lesson plans. You can either leave them blank, use that time as review, repeat a favorite activity, or fill them in with activities you find and want to try.
